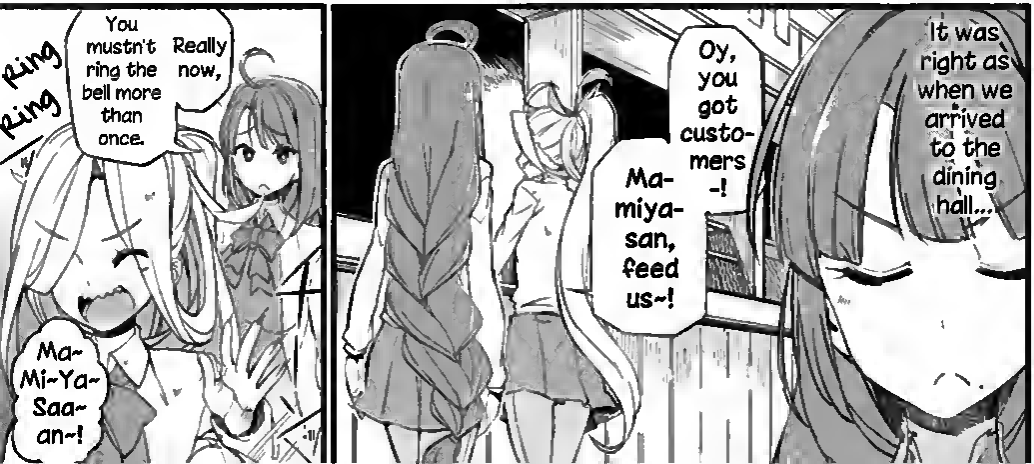
Asashimo's Maiden Training
by Hidori
We need to have a little talk.
Asa-shimo.
Better eat before it gets cold, Yuu-gumo-nee!
Ooh, looks good-!

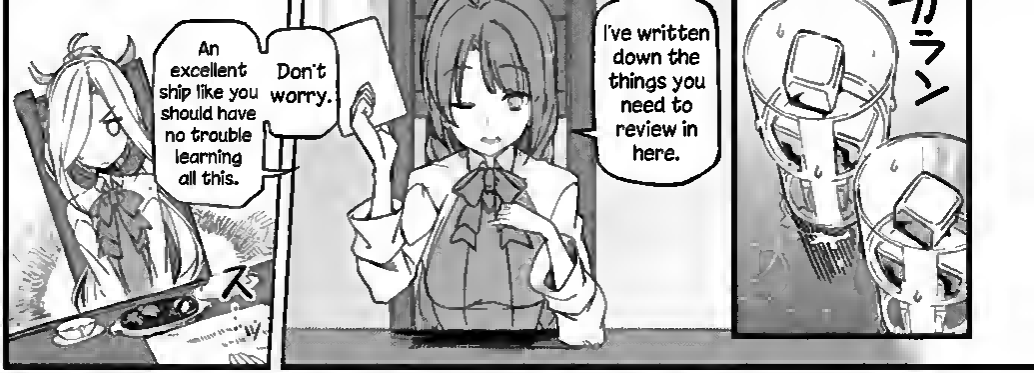
What were you think-ing...
When you ad-dressed Mamiya-san so rudely earlier?
.....
Ahhh...
Wh...
What're you talkin' about ...?
As I thought, you didn't even rea-lize your error...



It was right as when we arrived to the dining hall...
Oy, you got custo-mers -!
Ma-miya-san, feed us~!
Really now,
You mustn't ring the bell more than once.
Ring Ring
Ma~ Mi~Ya~ Saa~ an~!

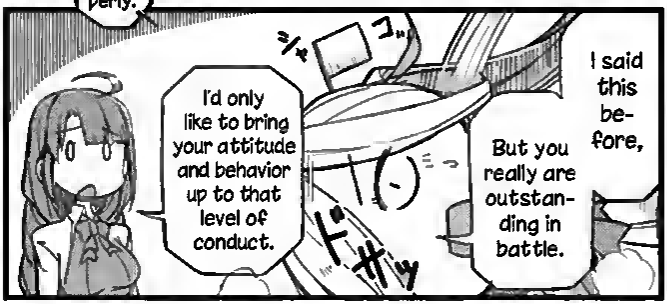
...Your complexion looks poor,
Is something the matter?
I've been busy gathering ingredients for a special request, on top of all the usual orders...
Ah! I'm very sorry,
I was just getting prepared.
Ehh, that sucks.
But you do know how to pick out the best stuff.
Fufu Thank you, I'll do my best.
Cause after all,
You're at a ripe old age yourself!
...
You're going to apologize to her after we finish.
Ugh
Man- You're a real stickler, Yuugumo-nee...
I-I-I was just tryin' to cheer her up with a little joke...!
When speaking to your elders,
You mustn't ever bring THAT up, understand?

Keep that up and you'll stop bein' a kid before you know it-
Asa-shimo.
You are an excel-lent ship.
On the battle-field, your own well-being is an after-thought.
So I sup-pose this was only natural.
!?
I'll have to re-educate you.
Huh-!?
U-Uh, I don't think this is really that seri-ous...
Would you like a refill?
Ooh, gim-me!
"Please and thank you", you mean?
P-Please and thank you!



I've written down the things you need to review in here.
Don't worry.
An excellent ship like you should have no trouble learning all this.

Don't speak with your mouth full.
ぐは。
Elbows off the table.
Hold your fork properly.



I said this before,
But you really are outstanding in battle.
I'd only like to bring your attitude and behavior up to that level of conduct.

H-Hmm ...?
For someone with a perfect battle record like me,
I still don't really think I've got issues to work on...
Chew

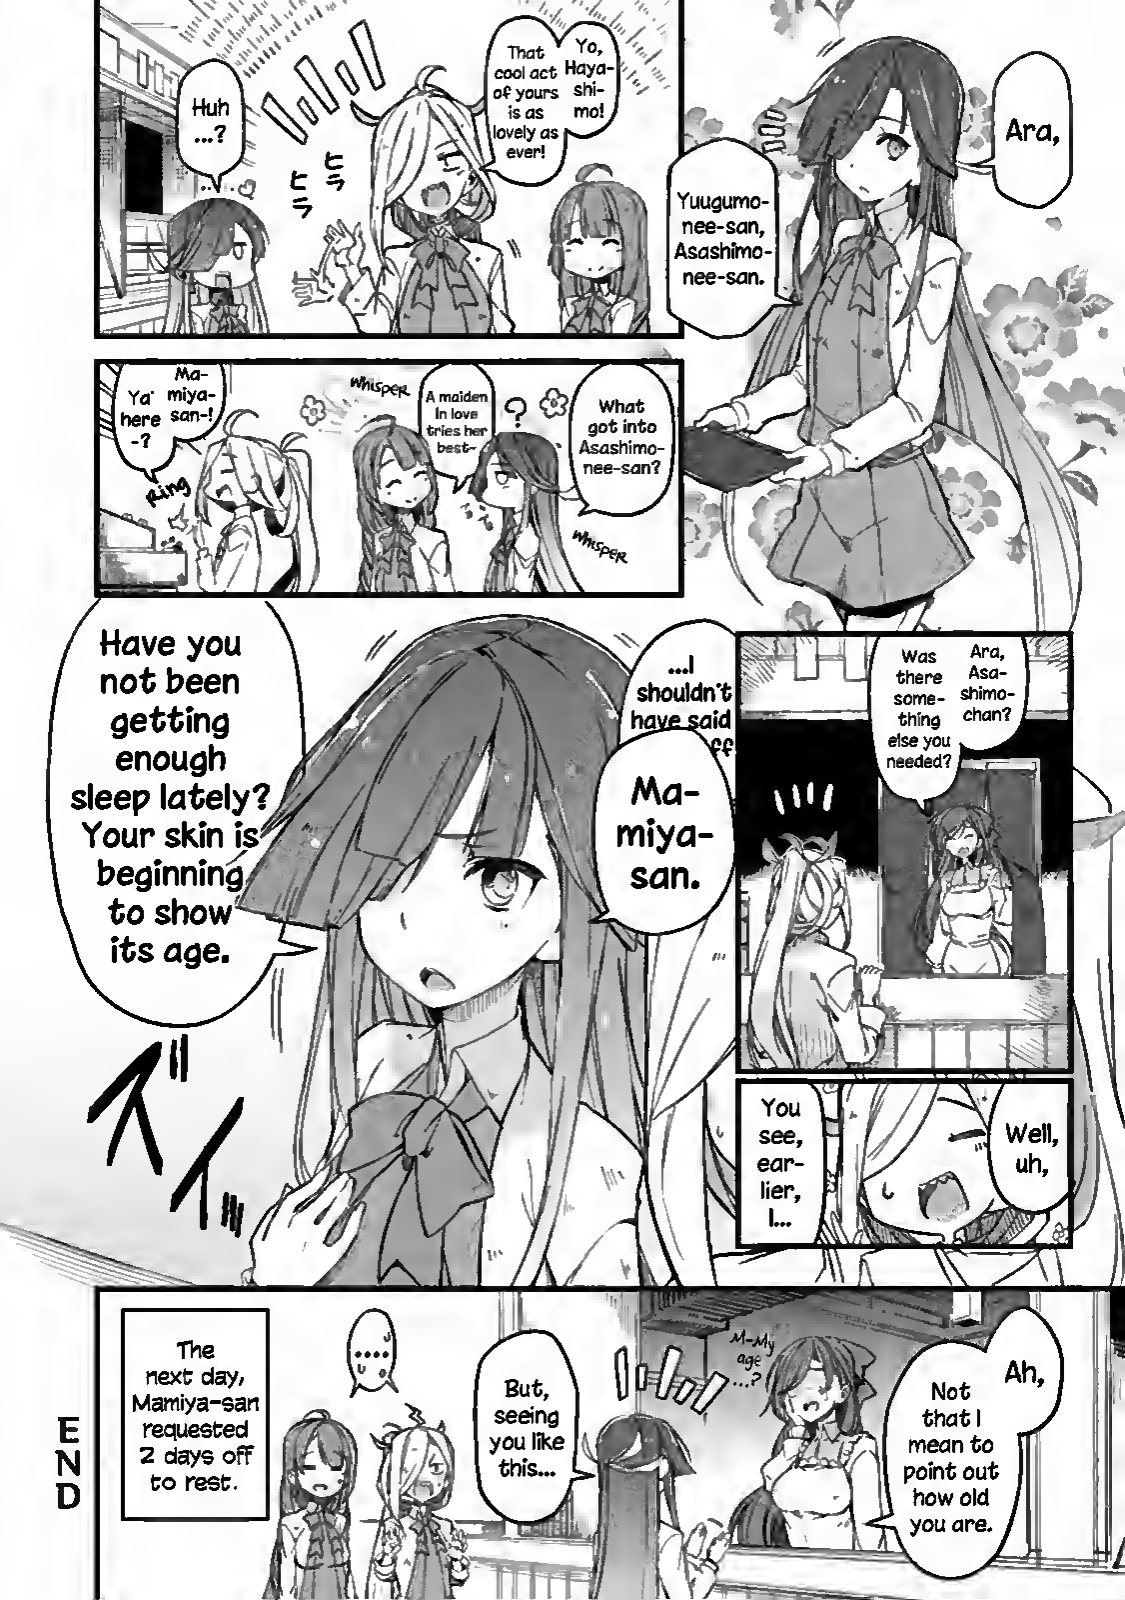
In that case,
Commander~
Handsome
!?
I will also add in some (top secret) information I've discovered about the Commander's tostes.
How about that?

You could do to learn a little more modesty... Right?
I get it, but... I feel like my heart's not in the right place to handle it...
Oh well,

Do ya'... Think may-be...
Ughh... So if I clean up my act...
Hmm~ I thought you didn't want me to teach you~?
Do guys really like maturer girls?
...Is
Is it true?
C... Com-man-der...
Might just...
Like... Rub my head and stuff ...?
Cause I feel like, when I'm with the comman-der...
Like he might be fed up with me or some-thin'...
When did my little sister get this cute!?
Oh lord!
...kay. I'll give it a shot...
But you're right. If you acted more adult, you'd have the Commander fawning over you.
hug
There's nothing to worry about!
After all, just look how cute you are!
Y-You mean that?
Wha-



Huh ...?
That cool act of yours is as lovely as ever!
Yo, Haya-shimo!
ヒラ ヒラ
Ara,
Yuugumo-nee-san, Asashimo-nee-san.
Ya' here -?
Ma-miya-san-!
King
Whisper
A maiden in love tries her best-
What got into Asashimo-nee-san?
Whisper
Have you not been getting enough sleep lately? Your skin is beginning to show its age.
...I shouldn't have said ꜰꜰ
Ma-miya-san.
Was there some-thing else you needed?
Ara, Asa-shimo-chan?
You see, ear-lier, I...
Well, uh,
The next day, Mamiya-san requested 2 days off to rest.
....
But, seeing you like this...
M-My age ...?
Ah, Not that I mean to point out how old you are.
